JCS Declassification Release
Instructions on File

The Problem

1. a) To study reclassification of JANIS to insure their maximum use by agencies of the U.S. Government.
- b) To determine the number of each study available for distribution.
- c) To determine the disposition of remaining studies.

Facts Bearing on the Problem

2. It is not believed advisable to lower the classification of current JANIS studies below that of CONFIDENTIAL. Certain war-time studies have already been lowered to RESTRICTED.
3. Libraries of most Government agencies do not have facilities to handle confidential material. Distribution of confidential material can be made to research personnel who have undergone security check.
4. One of the functions of the Security Advisory Board, SWNCC, is the clearance of civilian officials to receive classified material from the War and Navy Departments and the Joint Chiefs of Staff. Therefore, JANIS may be disseminated to non-military agencies of the Federal Government provided that they are processed through the Security Advisory Board, SWNCC, who deal with the key security officers in the various agencies.
5. The number of JANIS at Army Map Service and at Navy Registered Publications Section is shown in Appendix "A".

Recommendation

6. It is recommended that the letter Appendix "B", approved for distribution by the Joint Security Control, be circulated through the Security Advisory Board, SWNCC to the agencies listed below:

Secretary of State

Secretary of Treasury

Attorney General

Postmaster General
Secretary of Interior
Secretary of Agriculture
Secretary of Commerce
Secretary of Labor
Director, Bureau of the Budget
Coordinator of Inter-American Affairs
Secretary of Federal Communications Commission
Secretary of Federal Reserve Board
Secretary of Federal Trade Commission
Secretary of Foreign-Trade Zones Board
Chairman U.S. Maritime Commission
Chairman National Advisory Committee for
Aeronautics
Chairman Permanent Joint Board on Defense
Secretary of Securities and Exchange Commission
Chairman U.S. Tariff Commission
Administrator of Veterans Affairs
Administrator of Federal Security Agency

7. It is further recommended that when distribution to interested government agencies has been made a reserve of 25 copies of each JANIS be kept at AMS and the remainder be sent to dead storage.

APPENDIX "B"

PROPOSED LETTER TO HEADS OF DEPARTMENTS AND INDEPENDENT AGENCIES

The Honorable _____) or appropriate heading
 The Secretary of the _____) for heads of independent agencies

Sir:

The Joint Intelligence Study Publishing Board, functioning under the Joint Chiefs of Staff, has published a number of Joint Army-Navy Intelligence Studies (JANIS) on areas of the Far East and Pacific. The publications are classified confidential but some studies have been reduced to restricted. The studies are detailed monographs written by research personnel of several agencies of the Federal Government. The following list of chapter titles suggests the coverage of these studies.

Chapter I	Brief (Summary of Entire Study)	Chapter VII Transportation and Telecommunications
Chapter II	Military Geography	Chapter VIII Cities and Towns
Chapter III	Oceanography	Chapter IX Resources and Trade
Chapter IV	Coasts and Landing Beaches	Chapter X People and Government
Chapter V	Climate and Weather	Chapter XI Health and Sanitation
Chapter VI	Ports and Shipping	Chapter XII Aviation
Chapter XIII Gazetteer and Map Appraisal		

The chapters are bound individually and each is extensively illustrated with photographs and maps. In addition, a separate pouch of large maps is included with most studies.

The Joint Intelligence Study Publishing Board desires to make these studies of maximum use to agencies of the Federal Government within the limitations imposed by military security. It is requested that they be brought to the attention of research or other agencies within your department.

Respectfully,

LOUIS C. QUINN
 Director, JISPB
